The following image is the layout of the candidate panel and helps the user in entering the information for the candidates standing for the election. The Candidate panel when clicked open this screen and the following table with the candidate information is visible on the right hand side.

- Save

To save the information of a new candidate simply enter the details of the candidate on the labels provided on the left and the radio button. Then insert a logo using the add logo button and click on the “Save” button to add the candidate information to the table.

- Update

The update button allows you to edit the data of an existing candidate. Simply select a record from the table and all the information along with the logo will get populated into the labels. Then edit whatever information you wish to change and click on the update button and the changes will be updated in the table.

- Delete

To delete the information of a candidate select the record from the table and click on the delete button and the record will be deleted from the table.

- **Reset**  
Reset simply makes the text fields blank.

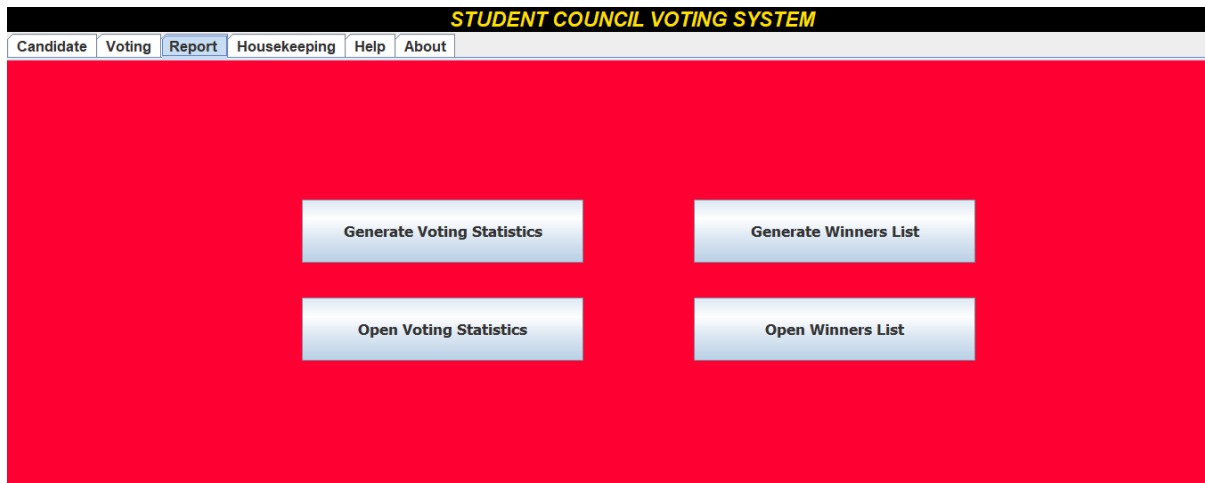

## Voting Panel

The screenshot displays the 'STUDENT COUNCIL VOTING SYSTEM' interface. At the top, there are tabs for 'Candidate', 'Voting', 'Report', 'Housekeeping', 'Help', and 'About'. Below these, a row of colored buttons represents different houses: Blue, Green, Red, and Yellow. Further down, there are buttons for various positions: 'Head Boy', 'Head Girl', 'Sports Captain (M)', and 'Sports Captain (F)'. The main area is titled 'BLUE HOUSE CAPTAIN' and features a grid of candidate photos and names: C001-Abhay, C017-Kavash, C018-Miraj, and C019-Devansh. Each candidate has a radio button for voting. At the bottom right, there are 'SAVE' and 'RESET' buttons.

This is the layout of the blue house captain voting panel under the voting panel. A panel exists for each position except vice-captain since the candidate with the second highest votes in the captain category will be awarded the position of vice – captain.

- **Voting**  
Click on the radio button (circular button) for the candidate you wish to vote for and click on save. Then moves to the next position and keep voting until the last tab is reached. Once the last position has been votes for the votes have been added and are ready to be displayed on the reports.
- **Reset**  
The reset button simply makes the radio button blank.

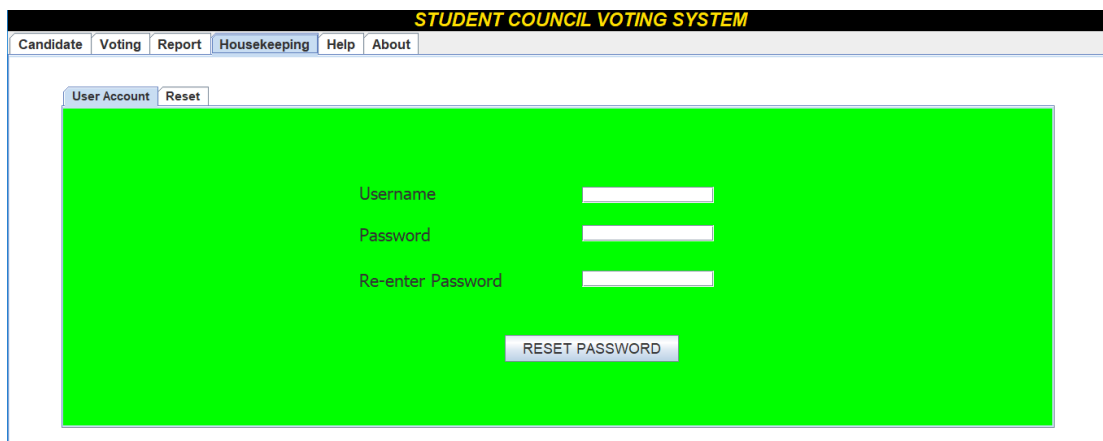

## Report Panel

This is the layout of the report panel. This panel is used to generate the reports with the results of the election.

- Generate report buttons  
These buttons are used to generate the reports
